

U-BATCH™ TREATER

The U-Batch is one of the most versatile batch treaters on the market today. Capable of treating most types of seed from grass to soybeans, U-Batch is perfect for over-treatment, powder application or cover crop blending. For use with primary treatments contact your local seed provider.

Advantages

- Capable of handling up to a box or bag of seed
- Compact design
- Simple, efficient design makes U-Batch easy to use
- Capable of processing almost any type of seed
- Seed capacity of 100 lbs to 2500 lbs per batch
- Automated touch screen control
- Available with Hydraulic Legs for easy treating from box to box. Alleviates the need for additional conveyors.

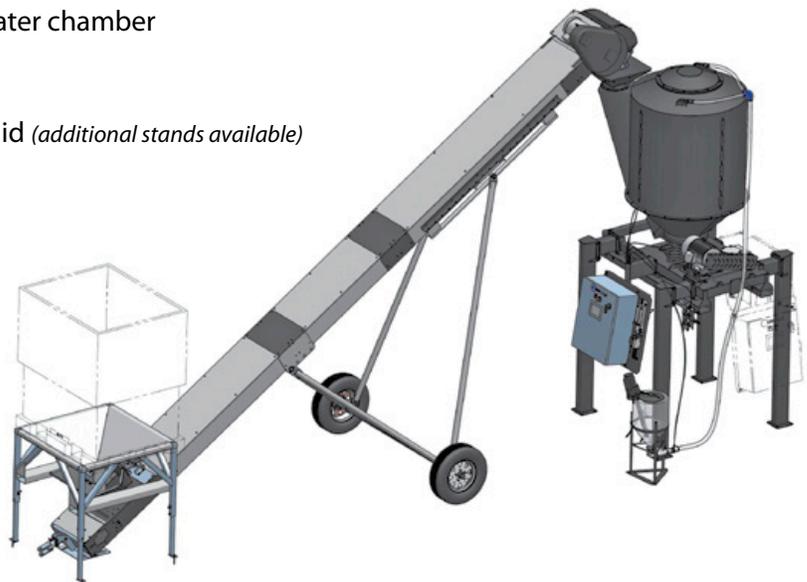

INDUSTRY LEADER. INDUSTRY INNOVATOR.
