

COMMERCIAL PARTS & CUSTOM BUILDS

USC Conveyance is an industry-leader and developer specializing in the design and manufacturing of industrial material handling equipment around the globe, including Divided Trough conveyors, En Masse conveyors, Round Bottom conveyors, and Commercial Bucket elevators, to name a few.

Providing innovative solutions and service from the most simple to challenging projects, has been the hallmark of USC since its inception. With more than 30 years experience working alongside some of the industry's biggest names, USC has defined itself as a leading provider of standard and custom-ordered parts providing retro-fit work to any system, to partial or complete re-build or replacements of outdated or failing systems.

USC'S REPUTATION IN ENGINEERING, DESIGNING AND DELIVERING ON SOME OF THE WORLD'S MOST CHALLENGING PROJECTS HAS POSITIONED THEM TO CONSISTENTLY EXCEED EXPECTATIONS THROUGHOUT THE INDUSTRY.
